28<sup>th</sup> February 2019

Dear Parents

### **British Science Week**

During the week beginning Monday 11<sup>th</sup> March - 'British Science Week', the pupils in Primary have been offered an exciting opportunity. Each class has been invited to visit the Secondary Science Lab and make 'rockets' which they will then test outside. This year is the 50<sup>th</sup> anniversary of the moon landing and this seems like an ideal way to mark the occasion, as well as being an excellent learning opportunity for the pupils.

Each session will be led by our skilled Science teacher and it goes without saying that, as always, safety will be our highest priority.

If you would like to find out more, please call us and I will arrange for you to speak with Mr Burley the Science teacher.

Yours faithfully

Rebecca Symes  
Raising Standards Lead
